Dear Sirs

No-Burn Plus

Declaration of Conformity to Eurocodes EN 13501, using Electronic Modelling (4D)

Radiant Heat Flux of 50kW/m² on Steel thickness of 3.2mm

R15 achieved at 170 microns (DFT)
R30 achieved at 330 microns (DFT)
R60 achieved at 510 microns (DFT)
R90 achieved at 765 microns (DFT)

Furthermore, Surface Spread of Flame characteristics conform to Euroclass A classification; steel surfaces.

Yours faithfully

No-Burn Europe
